The Department of Communication Sciences and Disorders (CSD) at Temple University is seeking faculty at the Associate/Full Professor level. Advanced Assistant Professors may also qualify. Tenure upon hire is possible for exceptionally qualified candidates.

Successful applicants will hold a PhD in Speech-Language Pathology or a related discipline, ASHA certification (CCC), eligibility for Pennsylvania state clinical licensure, and a program of extramurally funded research. The field of expertise is open, but we are especially interested in applicants whose research complements our existing strengths.

Temple CSD is currently ranked 29th in the country by US News & World Report. Over 350 students are enrolled in our BA, MA and PhD degree programs. The master’s program is fully accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association and is approved by the Pennsylvania Department of Education. Our research and clinical strengths include adult language disorders, literacy, motor speech disorders, auditory processing disorders, bilingualism and multiculturalism. Current research funding from NIH stands at well above $5 million. The department boasts a highly interdisciplinary faculty, representing Speech-Language Pathology, Audiology, Linguistics, Psychology, and Cognitive Neuroscience. In addition, it has strong collaborative ties with Psychology, Rehabilitation Sciences, Computer Science, Physical Therapy, Radiology, and Neurology.

The Department is nested within the Temple’s College of Public Health, a constellation of 9 health-related academic departments enrolling 4,600 students. The College has seen remarkable growth and organizational expansion in the shape and configuration of programs, research profile, increase in rankings, and collaboration with other academic units. In 2014, the College ranked 2nd of the 17 colleges/schools at Temple in research expenditures. The College’s innovative research focuses on medical interventions, social, behavioral, and environmental inquiries, and basic science and is sponsored by NIH, NSF, and other major federal funders as well as foundations. Under the leadership of Dean Laura Siminoff, a social scientist continuously funded by NIH for 25 years, CPH is hiring up to 50 research focused tenure track faculty to join the 155 faculty across it academic disciplines in the next several years.

Temple University is an urban, research-intensive university located in Philadelphia. Temple is the 6th-largest provider of professional education in the country and includes Schools of Law, Medicine, Pharmacy, Podiatry, and Dentistry in addition to research centers including the NCI-designated Fox Chase Cancer Center. Temple is located in historic and culturally-rich Philadelphia, the nation’s fifth largest city. The city was ranked 3rd by the New York Times as a world tourist destination.

Temple University offers competitive salaries, start-up packages, and a period of course release for new hires. We are happy to discuss questions with interested applicants. Please direct queries to the search committee chair, Dr. Rena Krakow (rkrakow@temple.edu).

To formally apply, please send a CV, letter of interest, 3 representative publications, and contact information for 3 referees to cphsearch@temple.edu

Review of applications begins immediately. The preferred start date is August 2016 or earlier.
