Temple University, Department of Physical Therapy, is recruiting volunteers for a new study on balance using virtual reality.

This information is approved by Temple University for public display and is associated with project #13099.

**STUDY:**

**Balance and Posture in Adults with Cerebral Palsy**

**We are looking for...**

**Individuals with Cerebral Palsy (CP):**
- Ages 15-50
- A minimum of 20/40 corrected vision in each eye (we will test you!)
- The ability to stand for 2 minutes at a time
- Good ankle range of motion (we will test that too!)

You will be paid $25 if you qualify for the study plus travel expenses if necessary
