**Job Qualifications:**
The Counseling Program Coordinator, in the Psychiatry Department, will work as a coordinated care team member and provide short-term clinical behavioral health services. This position is part of a federally sponsored research protocol targeting the efficacy of a specialized community disease management model to address substance abuse issues in hospital inpatients. Primary job functions include assisting with recruiting and eligibility screening, conducting the SBIRT intervention, interfacing with subject and families and the inpatient and outpatient medical teams as needed. Incumbent will maintain the regulatory documentation at Temple and train, supervise and monitor the peer specialist for adherence to the study protocol. Performs other duties as assigned.

Required Education and Experience:
Bachelor's degree in a related field and three years prior experience in a behavioral science setting. An equivalent combination of education and experience may be considered.

Required Skills and Abilities:
* Working knowledge of applicable computer software.
* Demonstrated experience in working with populations with substance abuse disorders.
* Demonstrated experience working in a medical setting/medical literacy.
* Prior experience working as a member of an interdisciplinary team.
* Comfort with evidenced-based protocols.
* Demonstrated experience with Cognitive Behavioral, Motivational Interviewing, and harm reduction approaches.
* Comfort working with diverse populations.

Preferred:
**MSW and a license to practice Social Work in the Commonwealth of Pennsylvania.**

*This is a Grant-Funded Position.*

Thanks,

Mary
