PROFESSIONAL SUMMARY

PRIMARY DEPARTMENTAL PROGRAM AREA
Public Health/Social and Behavioral Sciences

AREAS OF EXPERTISE AND INTEREST

Organ and Tissue Donation and Transplantation; Living Kidney Donation; Social Influence; Interpersonal Health Communication; Patient Education; Program Planning, Development and Evaluation; Communication Skills Training; Informed Consent/Bioethics; Health Equity.

EDUCATION

POSTGRADUATE

2007-09 Postdoctoral Research Fellow, Social and Behavioral Health, Virginia Commonwealth University, Richmond, VA.

GRADUATE

2010-12 Virginia Commonwealth University, Richmond, VA, Social and Behavioral Health, M.P.H. 2012.

2004-06 State University of New York at Buffalo (Buffalo, NY), Communication Ph.D. 2006, "The use of multidimensional scaling in the assessment of college students' attitudes toward organ donation," Thomas H. Feeley, Ph.D.

2002-04 State University of New York at Buffalo (Buffalo, NY), Communication M.A. 2004, "Measuring college student attitudes toward organ donation: A test of injunctive norms," Thomas H. Feeley, Ph.D.

UNDERGRADUATE

9/97-5/02 State University of New York at Buffalo, Communication (major), English (minor) B.A. 2002.

ACADEMIC APPOINTMENT HISTORY

Associate Professor, January 2015 – present (tenured), Department of Social and Behavioral Sciences, Temple University, Philadelphia, PA.

Affiliate Faculty, January 2015 – May 2016, Department of Sociology, Virginia Commonwealth University, Richmond, VA.

Affiliate Faculty, March 2014 – May 2016, Department of Psychology, Virginia Commonwealth University, Richmond, VA.

Assistant Professor, 2011 – 2014, Department of Social and Behavioral Health, Virginia Commonwealth University, Richmond, Virginia.

Instructor, 2009 – 2011, Department of Social and Behavioral Health, Virginia Commonwealth University, Richmond, VA.

Assistant Professor, 2006 – 2007, Department of Communication, Rochester Institute of Technology, Rochester, NY.

Graduate Teaching Assistant, 2002 – 2006, Department of Communication, State University of New York at Buffalo, Buffalo, NY.

SPECIAL AWARDS AND HONORS

- 2014 VCU Blick Scholars Program Nominee.
- 2014 Poster of Distinction, 39th Annual World Transplant Congress, San Francisco, CA.
- 2005 International Communication Association Award for Excellence in Student Teaching.
- 2005 Northeast Association of Graduate Schools Master's Thesis Award Nominee.
- 2005 Top 3 Paper Award, National Communication Association Health Communication, 2005 Annual Convention, Boston, MA.
- 1992 Mohawk Valley Community College, Presidential Scholarship.

COURSES TAUGHT AND/OR DEVELOPED

Health Promotion for Vulnerable Populations, Spring 2018, Temple University. This graduate-level course will critically review the research literature highlighting the physical, mental, and social vulnerabilities contributing to the poor health of subgroups of the American populace, with a focus on challenges and approaches to engaging hard-to-reach populations in intervention research aimed at improving health outcomes. Additionally, this course will cover theoretical frameworks, methodological and recruitment challenges and strategies, approaches to intervening at the individual, community, and system levels, and approaches to developing and adapting interventions.

Ethnicity, Culture and Health, SBS2216, Fall 2015, 2016, 2017 & Spring 2016, Temple University. This 3-credit, required undergraduate course surveys key concepts in the public health literature on race, ethnicity and health disparities and encourages students to critically evaluate the ways in which ethnicity and culture impact health and health disparities in the US.

Research Methods and Design, SBHD 691, Spring 2014, VCU. This one-credit graduate-level course provided an introduction to social scientific research design and methods, with a focus on quantitative research design, methodology and data collection.

Survey Research Methods, SBHD 691, Spring 2013, VCU. This one-credit graduate-level course reviewed concepts and issues related to the planning, collection and analysis of survey data. The class focused on survey design considerations and their impact on total survey error. Specifically, the course covered sources of error, sampling basics, design and

evaluation of survey questions, modalities and methods of data collection, data cleaning and analytic procedures and ethical issues in survey research.

Department Seminar, SBHD 690, Fall 2010, Spring 2011, Fall 2011, Spring 2012, VCU. This required, one-credit course in the Social and Behavioral Health PhD Program introduced students to the research interests of the department faculty as well as those of invited guests from across the University and external to VCU.

Public Speaking, Summer 2007, RIT. This undergraduate course was interpersonally oriented and designed to equip students with the knowledge of the theories and principles necessary for formal public speaking. Informative and persuasive speeches were the focus with emphasis on organization, evidence, language usage, strategy, delivery, and effective use of media aids.

Qualitative Research Methods, Spring 2007, RIT. This upper-level undergraduate course exposed students to the philosophical underpinnings of qualitative inquiry and qualitative paradigms. Using experiential learning techniques, the course also surveyed approaches to qualitative data collection (e.g., in-depth interviews, focus groups, ethnography) and analysis (e.g., content analysis).

Communication Theory, Winter & Spring 2007, RIT; Spring 2006, Spring & Summer 2003, SUNY Buffalo. This undergraduate course focused on the theoretical foundations of the study of human communication including general epistemological and ontological traditions and a variety of important theories across a number of communication subdisciplines (e.g., classical/rhetorical, interpersonal, nonverbal, cognitive, persuasive, relational, small group, organizational, intercultural, mass media and technological communication).

Health Communication, Winter 2007, RIT. This upper-level undergraduate course provided an introduction to the subject of communication in health care delivery and public health campaigns, with an emphasis on interpersonal, organizational, and mass communication approaches. Also covered was the relationship of health behavior and communication.

Interpersonal Communication, Fall 2006, RIT; Fall 2005, SUNY Buffalo. This undergraduate course was designed to provide a basic understanding of concepts and theories used in upper-level interpersonal, social cognition, emotion, persuasion and related courses, and explored person-to-person interactions in a wide range of contexts. Specific topics addressed included perceptions arising from and affecting communication; relationship development, maintenance and dissolution; components of interaction; and, problematic interactions (i.e., interpersonal conflict).

Principles of Interviewing, Spring & Summer 2005, Fall 2004, SUNY Buffalo. This undergraduate course explored the nature and process of the interview. Topics covered ranged from the interview's structure and questions design to a survey of the various types of interviews (e.g., journalistic, survey, persuasive, selection). The course culminated in mock student interviews and a final interview with an Human Resources representative from a local organization.

INDEPENDENT STUDIES MENTORED/SUPERVISED

Megan Urbanski, PH9083, Readings & Conf in Public Health, TU. Spring 2016. This course applied methodology for the conduct of systematic literature reviews, including identifying the research question(s) and relevant articles, coding retrieved articles, and analyzing and synthesizing the resulting data.

Camilla Nonterah, SBHD 695, Independent Study, Social and Behavioral Health, VCU. Fall 2014. This course applied methodology for the conduct of systematic literature reviews, including identifying the research question(s) and relevant articles, coding retrieved articles, and analyzing and synthesizing the resulting data.

Jennifer McDaniel, SBHD 695, Independent Study, Social and Behavioral Health, VCU. Fall 2014. This course involves the supervision of a doctoral student engaging in dissertation research.

Jennifer St. Clair Russell, SBHD 695, Independent Study, Social and Behavioral Health, VCU. Spring 2014. Through directed readings, this course reviewed the theoretical foundations of communication skills in health care, specific skills emphasized for effective communication in health contexts, pedagogy and assessment of communication skills, and established programs for teaching/training healthcare providers in effective communication skills.

Jennifer St. Clair Russell, SBHD 695, Independent Study, Social and Behavioral Health, VCU. Summer 2014. This course applied methodology for the conduct of systematic literature reviews, including identifying relevant articles, coding retrieved articles, and analyzing and synthesizing the resulting data.

Jennifer McDaniel, SBHD 695, Independent Study, Social and Behavioral Health, VCU. Summer 2014. This course involves the supervision of a doctoral student engaging in dissertation research.

PUBLIC HEALTH INTERNSHIPS & FIELDWORKS MENTORED/SUPERVISED

Sally Inaganti, Public Health Internship, TU. Summer 2016. Coordinate and oversee student internship placement with the Gift of Life Organ Donor Program.

Jennifer Ohashi, EPID 693, Public Health Internship, VCU. Fall 2014. Coordinate and oversee student internship placement with the Mid-Atlantic Renal Coalition.

DIRECTED RESEARCH SUPERVISED

Jennifer St. Clair Russell, SBHD 697, Directed Research in Social and Behavioral Health, VCU. Fall 2014. This course involves the supervision of a doctoral student engaging in dissertation research.
