**POSITION SUMMARY:**
The COLOURS Organization, Inc., a program partner of the Urban Affairs Coalition (UAC) is currently looking for an individual to fill the full-time position of Prevention Navigator.

The Prevention Navigator position is an MSW level position that provides services to at-risk African American men who have sex with men (MSM). The individual selected for this position will be responsible for conducting intakes and creating risk reduction plans for each of their clients, and will conduct face-to-face visits with the client, along with providing PrEP and PeP adherence support to clients deemed appropriate for this type of intervention. The Prevention Navigator will also be responsible for assessing the service needs, in particular medical care and medical insurance.

The Prevention Navigator reports to the Executive Director and is expected to work as a team with the Assistant Prevention Navigator. The Prevention Navigator is responsible for providing supervision and support to the Assistant Prevention Navigator to assure that clients have been linked to appropriate services.

**MAJOR RESPONSIBILITIES:**
- Demonstrates competency in all facets of client-centered care including intake, assessment, risk reduction planning and referrals;
- Provides risk reduction interventions in accordance with the standards established by the Center of Disease Control;
- Educates and builds relationships with other providers of services;
- Supervises and provides support to the Assistant Prevention Navigator;
- Knowledgeable and stays abreast about PrEP and PeP guidelines and local resources;
- Performs other related duties as assigned by the Executive Director.

**QUALIFICATIONS:**
- Master’s degree in Social Work, with at least 2 years’ experience working with target population;
- Comprehensive knowledge of HIV treatment and prevention;
- Demonstrated understanding of experience working form cognitive behavioral theoretical orientations;
- Experienced delivering structured interventions;
- Excellent verbal and written communication skills, strong interpersonal and analytical skills;
- Demonstrated understanding of issues facing Black and Latino MSM at high risk of HIV, including structural barriers to receiving health and social services;
- Knowledge of resources in Philadelphia, including educational, behavioral health and health insurance providers;
- Familiarity with client confidentiality;
- Willing to work evenings and weekends, flexibility is a must;
- Driver’s license preferred.
