

## HEALTH AND REHABILITATION SCIENCES

# Instructional Faculty in Anatomy and Physiology

The Department of Health and Rehabilitation Sciences is hiring a non-tenure track instructional faculty member to teach in its Anatomy and Physiology program.

The College of Public Health's mission is to educate, innovate, and transform to bring about healthy, equitable, and thriving communities. We engage in interprofessional education, community and clinical practice, impactful research, and service learning, approaching our work with cultural humility as we advocate for positive change and prepare leaders to address the most pressing issues of our time. Social justice has always driven our efforts, and we understand that individual health outcomes are intricately tied to the larger systems we inhabit.

### **QUALIFICATIONS.**

We seek an enthusiastic, dedicated professional with a strong background in human anatomy and physiology to primarily teach undergraduate anatomy and physiology courses and coordinate the undergraduate A&P teaching labs. The successful candidate must hold at least a master's degree in a related field, as well as demonstrate a strong track record of inclusive and engaging teaching and collaboration with peers. Valuable qualifications include a clinical background, willingness to lead large lectures, and any specialized certifications. Administrative experience, such as course coordination, lab management, supervising an instructional team, or teaching multiple-section courses, is also preferred.

### **THE DEPARTMENT.**

The Department of Health and Rehabilitation Sciences (HRS) is unlike any other similar department in the country. Located on a single urban campus in Philadelphia, the department's faculty provide instruction in 13 degree programs including clinical doctorates in athletic training (post-professional), occupational therapy (entry-level and post-professional), and physical therapy; a doctor of philosophy in neuromotor science; master of science degrees in athletic training, recreational therapy, and neuromotor science; and undergraduate degrees in health professions, health studies, recreational therapy, kinesiology, and exercise and sport science. HRS also works closely with disciplines in other departments including public health, nursing, social work, and communication sciences and disorders. The department is at the forefront of developing innovative academics and research aimed at promoting overall health and well-being; preventing injury and disability; and helping those with illness, injuries, physical, psychological, intellectual, or cognitive disabilities lead full, satisfying, and meaningful lives.

## THE COLLEGE.

Our CEPH-accredited College of Public Health embraces public health in all its disciplinary forms, fostering impactful teaching, scholarship, and interdisciplinary collaborations within and outside the college. The College consists of academic units in the public health disciplines, health professions, and the School of Social Work, enrolling approximately 4,200 students. We value differences among our faculty and believe that we can better serve and understand our communities through the diversity of our faculty.

The College seeks to empower emerging leaders, advance excellence in interprofessional teaching and applied practice, drive innovation in research, develop sustainable community partnerships, lead through diversity and inclusion, and engage our CPH community worldwide. Temple's Center for the Advancement of Teaching provides outstanding programs and one-on-one mentoring to instructors to promote and support excellent teaching. We focus much of our work on social determinants of health and social justice with strengths in cancer, obesity, HIV, substance abuse, mental health conditions, mobility research, cognition and language, developmental disabilities, organ transplantation, and aging. College research is funded by the National Institutes of Health, Department of Defense, National Science Foundation, Centers for Disease Control and Prevention, major private foundations, and state and federal agencies. The College is staffed by a robust complement of seasoned professionals within our Offices of Communications and Marketing, Information Technology, Research Administration, and Academic Affairs.

## THE UNIVERSITY.

Temple University is an urban, research-intensive Carnegie R1 university located in historic and culturally rich Philadelphia, the nation's 6th largest city. The city was ranked third by The New York Times as a world tourist destination. The National Science Foundation ranks Temple among the top 100 universities in the country for research expenditures. Temple is the 6th largest provider of professional education in the nation and includes Schools of Medicine, Pharmacy, Podiatry, Law, and Dentistry, as well as research centers. It is also home to Fox Chase Cancer Center, one of the nation's first National Cancer Institute-designated comprehensive cancer centers.

*Applicants should submit their questions and the following application materials to Nicole Ruffin, assistant director of faculty affairs, at [nicholas.mirabito@temple.edu](mailto:nicholas.mirabito@temple.edu): a detailed CV; a cover letter explaining your qualifications, experiences, and teaching philosophy; a diversity, equity, and inclusion statement; and a list of three references. The review of applications will commence immediately and continue until the position is filled.*
