

Dear CPH Faculty and Staff:

As we have now been in Paley for a semester, it is time to ensure that your contact information is correct. I am asking that you please review the information listed in both your email signatures and the Cherry and White directory to ensure that they are both correct and contain your office number, phone number, and email. It is important for students, staff, faculty, and potential collaborators to be able to reach you.

Our standard format for email signatures is below. Please note, anything in brackets + red, is what is custom to you, those lines are not to be in red in your actual email.

[Name and Designations]

[Title]

Temple University College of Public Health

[Office Number] Paley Hall - 1210 W. Berks St.

[Email Address]

**College of

Optional: Would you like to help the College increase access to high-quality education for all students? Please consider making a gift to our fundraising campaign: [Public Health for a Better Tomorrow](#)

To include the logo, you can find it in the [Marketing Toolkit](#) under **Main College Logos**. You are also welcome to include any discipline-specific information and designations, but I ask that everyone maintain the same format for their email signature.

I appreciate your taking a few minutes to review this information.

Additionally, over the past week, we have been conducting a phone audit of extensions that have shown very little activity over the past year. If you receive a message from someone in the Dean's Office trying to confirm your name and extension, please call back. We are looking to turn off any unused phone lines. Please feel free to reach out with any questions.

Best,

Jenn
